

The holocaust

By: Paige Cozart

Political Factors

- Nuremberg Laws (anti-Jewish laws)
- Hitler made never ending series of Laws and decrees.
- Repeatedly blamed the jews for Germany's defeat in WWI.
- For Bribe jews to marry non-jews.
- removed from schools.
- banned from jobs.
- excluded from the military.

Economic Factors

- Jews were blamed
- They exploited Jewish property and possessions.
- Jews got #’s tattooed on them to tell them apart.

Social Factor.

- Hitler put forward racial theories to outside people.
- Master race was the Aryans. (blond hair, blue eyes.)

Geographic Factor

- Camps were unsanitary.
- Changing of borders was confusing.

Group responsible & motives

- Adolf Hitler was responsible for the whole thing
- His minions were the Nazi's
- Motives were to keep the master race alive. (aryans)
- Hitler believe the master race should be in control of everything.

People/Group victimized

Jews and other judged groups.

There really wasnt no survival tactics because everyone in the camps ended up dying .

Death Toll

- 6,000,000 people died total.
- Dying from gas chambers
- From disease
- From being beaten to death

Preventable

The United States could have stepped in sooner to take control of it.

Affects

- Hitler killed himself.
- Families were separated in the beginning and still were separated when it was over.
- Families sometimes never found out if their sons or daughters died or were still alive.

Summary

What happened a simple boycott of Jewish shops which ended up in every Jew dying.

By whom: Adolf Hitler and the Nazi party.

When: Started January 1933

Where: Germany
