

Industrial Policies

Industrial revolution

- Stalin outlined the first of several Five-Year Plans for the development of the Soviet Union Economy .
- Five-Year Plan - impossibly high quotas , numerical goals to increase output steel , coal , oil and electric .
- In order to reach goals government limited production of consumer goods

БОЛЬШЕ НЕФТИ РОДИНЕ!

ДИ ШОПНИМ ПОТМІБЕТКУ - А ГОДА!

Stalins hard methods produced
impressive economic results .
